## Good Afternoon!

Tuesday, March 29th, 2011

" All combined, H-Net's services, networks, and materials provide an excellent overview and contact point in the profession. I refer many natural scientists who are interested in the Humanities/Social Sciences to H-Net as a great resource. "

H-Net is an international interdisciplinary organization of scholars and teachers dedicated to developing the enormous educational potential of the Internet and the World Wide Web. Our edited lists and web sites publish peer reviewed essays, multimedia materials, and discussion for colleagues and the interested public. The computing heart of H-Net resides at [MATRIX](#): The Center for Humane Arts, Letters, and Social Sciences Online, Michigan State University, but H-Net officers, editors and subscribers come from all over the globe. conferences and books, and in just listening on conversations," writes a scholar to us from the United States. "This is a great tool for those of us in academia and those in professional areas. They have been particularly useful in keeping me in tune with what is going on in fields where I have interests but do not work directly."
